

**Dear Intergroup Initiative coworkers,**

A year ago, at the Leo Full Moon of 2024, we started together the “**Leo Sirius Telepathic Experiment**”, with the aim of enhancing the telepathic sensitivity among our various serving groups, in preparation for 2025, the year of the Hierarchical Centennial Conclave. You can find [the list of the participating groups here >>>](#)

Throughout the year we have connected telepathically each day, at the times of the new and full moons each month, and at the cardinal points of the year - the solstices and equinoxes. With the help of our focalizing seed thought: “**Oneness in Communion**”, the recognition has grown of our intergroup web being part of a *living organism* which we call “the One Planetary Server.” The presence, capacity and function of the Ajna center of the planet has become a practical fact in our shared awareness.

We are in an ongoing process of recognition and activation. Now we seem to have reached a stabilizing phase: ***holding subjective connectivity within the living organism of the World Servers Group***, while continuing working within our own field of service. The intergroup field is ready now for the process of **self-organization: each group may recognize a need and opportunity to enhance the collective service capacity, and may offer ideas to achieve it.**

As we approach the 2025 Sirius-Leo Solar Festival, the major monthly festival of the new world religion, we dedicate ourselves anew to the task of making contact, via the Hierarchy, with the Sirian force (EA, 299). At this time of year, as energy from Sirius enters directly into the Hierarchy, as the One Planetary Server, we can consciously cooperate through absorption, apprehension and anchorage of this principle of cosmic love at the heart of every atom. [1]

As we did last year, connecting the Sirius-Leo Full Moon to the 2025 Capricorn Solstice Great Beginning, we can now together sound from the One Heart, “in united breath and unified rhythm,” a new Note/Intention directing our focus towards the Capricorn Solstice in December 2025, the beginning of the 7th year of the current seven-year cycle of the New Group of World Servers.

Let us **align subjectively with the intergroup field throughout the 5 days of the Sirius-Leo Solar Festival**. The exact Full Moon time is on August 9th, 7.57am GMT. We may take a moment at this time of day during the 5 days of the Full Moon period; or whatever time suits our own meditation rhythm.

*The One Planetary Server governs from the Heart.*

*One with all Hearts at all levels - human, planetary, solar and cosmic.*

*Together as One, we absorb, apprehend and anchor  
greater dimensions of Freedom and Fiery Love.*

*Oneness in Communion*

This, in a mysterious way, is the principle found at the heart of every atom. ...The entire work of the Great White Lodge is controlled from Sirius; the Ashrams are subjected to its cyclic inflow; the higher initiations are taken under its stimulation ...".
