The Online Philosophy Class focuses on the Philosophy of Esoteric Healing; the science of healing through the energy field utilizing spiritual healing principles.

In class levels 1-4 we were focused on balancing triangles that support the personality bodies. As we begin to study in these higher level Esoteric Healing courses, we will be studying the higher aspects of who we are – the soul, the spiritual triad, and the monad. We are going to be dissecting the Higher Self. It is not from the aspect of dissecting and destroying, it is from the aspect of dissecting, that enables us to see the beauty and awe of this creation. This higher level work will help to speed up the process for the emergence of the Soul through the vehicle of the personality, but this work is still all according to the will of the soul. This results in an increase in Joy, an increase in the sense of Inner centeredness, and the courage to become who we are meant to be. The analysis of these spiritual realms may seem detailed for such a revered area of our beingness, but understanding the details is necessary for our spiritual growth. The Path of the Lighted Way is where we are going in this class.

The Online Practical Application experience is where you deepen your practical application of Esoteric Healing. This class for the practical application continues to authenticate the philosophical study of Esoteric Healing. Part 5 now provides specialized triangles as students begin to work with detailed anatomy of the heart organ and circulation within the brain, detailed anatomy of the eyes for sight along with Inner Vision, the endocrine glands in the head, facilitate connections and flow of the Petals of the Soul and the Spiritual Triad, work with the Cause and the Cause of the Cause of conditions and situations, gain some experience in the determination of your Ray Profile, and new information and understanding of Initiation levels. Students are expected to come to class well prepared in their alignment and attunement process and providing Esoteric Healing sessions.

Who should take this class? Any Esoteric Healing student who meets the above pre-requisites. Proof of attendance may be requested.
